## LANDSCAPE SUPPLY

321 N Nassau St, Youngsville, NC 27596  
(919) 909-4841 | [info@three21landscapesupply.com](mailto:info@three21landscapesupply.com)

### **Three21 Landscape Supply Delivery Waiver :**

We recommend placement of delivered products on the driveway. Our trucks are heavy so we prefer to stay in your driveway (please take extra caution on new driveways less than one year old). Our trucks “dump” so special attention should be made when choosing your dump location (i.e. low lying tree limbs or wires). The use of a flag, tarp, or cone to mark the location is preferable and helps ensure the exact location if no one is going to be home at time of delivery. If you are ordering a dyed mulch, please note that the dye can cause discolorations and/or stains to driveways/ walkways, vinyl siding or any light colored material.

### **For Placement of Product to an area off driveway.**

Three21 Landscape Supply will not place product off the driveway without written consent from the property owner, contractor, or authorized person.. Three21 Landscape Supply is not held responsible for property damage incurred due to this delivery. Driver has the right to decide whether the truck/ equipment can go off the driveway. Customer accepts responsibility for any fees associated with towing and/or removing of Three21 Landscape Supply. equipment/vehicles from property associated with this delivery if in any area outside of recommended dump areas this is including other person’s property.

By signing this waiver, authorizes Three21 Landscape Supply to enter the property listed herein, acknowledges that damage incurred to sidewalks, driveways, septic systems, tiles, underground utilities, irrigation systems or other properties associated with this delivery is not the responsibility of Three21 Landscape Supply.
